

# 8" DIAL HANGING SCALES

for Virtually Any Use or Need

These economical dial scales are built for heavy use and are popular with produce merchants, butchers, and grocers. Large 8" dial is furnished with easy-reading black graduations and numerals on a white background; red knife blade pointer indicates weight fast and accurately. Dial mechanism is protected by lens, while plastic housing eliminates dents and scratches. All Hanging Dial Scales are available with double dial and/or temperature compensated springs.

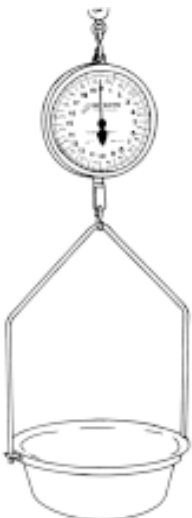

**Butcher Scale** comes complete with easy-cleaning 11" diameter, white, baked-enamel plate suspended from chrome bows.

Model	Capacity	Dial
MCS-20B	20 lb	10 lb x 1 oz
