

DON'T TAKE

At CCI, we don't take customer satisfaction—or quality—lightly. That's why we place such importance on maintaining our large inventory of extremely reliable, accurate scales.

CHANCES

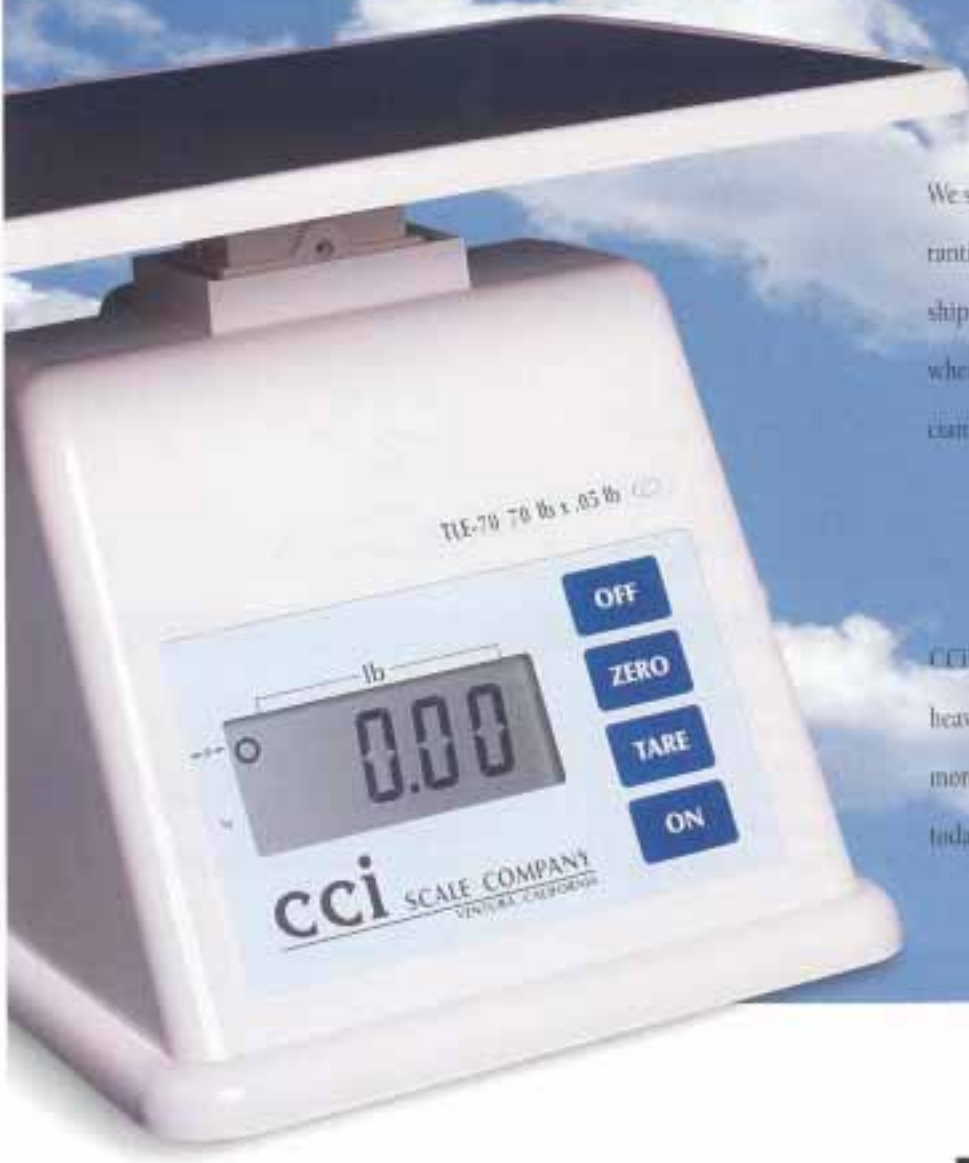

For example, our TLE-70 shipping scale is one of six NTEP-approved models in capacities ranging from 32 ounces up to 70 pounds. Four additional models convert to metric. All ten of these scales feature state-of-the-art load cell technology for maximum accuracy and durability.

WITH A

We support all of our high-quality products with full warranties on parts and labor. Our large inventories allow us to ship quickly, usually the same day that orders are received—whether you want one scale or one hundred—and a technician inspects and calibrates each scale before it is shipped.

LIGHTWEIGHT.

CCI's excellent service and high standards make us quite a heavyweight, according to our many satisfied customers. For more information on how you can be a CCI customer, call us today at (805) 658-0422.

FEATURES & SPECIFICATIONS

- High Quality Load Cell Technology
- Full Tare Capability
- Built-in Rechargeable Battery
- AC Adaptor Included
- Net Weight Tare Indicator
- Zero Indicator
- Negative Value Indicator
- Low Battery Indicator
- Positive & Negative Overload Protection
- Bubble Balance & Leveling Feet
- Weights & Measures Sealable
- Stainless Steel Platform
- Large 1" LCD Display
- Automatic Off Function
- Display Check Function
- Hold Function (TLEC Models Only)
- Full Zero Tracking Range
- Mechanical Stops
- Operating Temperature 35°F to 104°F
- Economical, Durable, Portable
- Optional Plastic Scoop
- One Year Manufacturer's Warranty
