

MSB-25 Bulk Mail Scale

Detecto's MSB-25 bulk mail scale can display weight of a single mailpiece, the number of pieces per pound, or the number of pieces on the scale after entry of a sample, making it a versatile scale for the mailroom or shipping department. Status indicators are included for motion, zero, gross weight, net weight, tare, weight per piece, piece per weight, count, sample, pounds, and pounds-ounces. You can use the rear-mounted serial data interface for connection to an optional printer or computer for output of displayed information. A pullout card is attached underneath the front of the MSB-25 with operating instructions that are readily visible.

MSB-25 Features
• Stainless steel weighing platform
• Operating instructions readily visible on a pullout card
• Simple keyboard calibration can be performed in minutes
• Display weight digitally in pounds and ounces or in pounds only
• Display count, piece weight, or pieces per pounds
• Manual entry of tare weight or auto zeroing of weight on the scale
• Connect the MSB-25 to a computer or printer with the serial data interface
• Easy-to-read dot matrix display
• You can select either present sample size or enter your own sample size through the keyboard
